

DIARY NOTES

DD/S

LHW

15 June 1956

25X1A9a

1. Have approved of [REDACTED] taking two weeks of active military duty early in September if he can make the arrangements.

25X1A9a

2. Talked to [REDACTED] about the audit of Project AQUATONE and asked him to raise this question again on or about 1 August.

25X1A9a

3 [REDACTED] reports that due to the improved situation in our field station accounts he is changing his schedule so that our stations will be audited every six months rather than every four months as at present.

25X1A9a

4. [REDACTED] and Jim Garrison participated in a meeting with Mr. Johnstone of Harrison & Abramovitz and representatives of the Public Buildings Service to discuss an increased fee for Harrison & Abramovitz due to the fact that we are planning a \$56,000,000 building rather than a \$46,000,000 building. A final fee of \$1,975,150 was agreed upon. This was taken "off of the curve" and makes no allowance for special requirements for the building. I have asked [REDACTED] to expedite the transfer of \$225,000 to the General Services Administration so that this contract can be signed without further delay.
